LONESTAR WEST ANNOUNCES Q3 2015 FINANCIAL RESULTS

Sylvan Lake, Alberta, (TSX.V: LSI) - Lonestar West Inc. today announced the financial results for the three and nine month periods ended September 30, 2015.

Highlights for the three months ended September 30, 2015 include:

- Revenues increased 8.5% to \$14,123,380 from \$13,016,590 in the previous year equivalent period.
- Gross margin¹ decreased to 25.0% from 26.1% in the previous year equivalent period.
- EBITDAC² decreased 36.0% to \$1,562,412 from \$2,442,928 in the previous year equivalent period.
- EBITDAC³ per basic share decreased 36.9% to \$0.053 from \$0.084 in the previous year equivalent period.
- Loss before taxes was \$709,713, a decrease of \$1,737,715 in comparison to income before taxes of \$1,028,002 in the previous year equivalent period.
- Net loss for the period was \$503,531, a decrease of \$1,274,531 in comparison to net income of \$771,000 in the previous year equivalent period.

The Company achieved EBITDAC² of \$1,562,412 for the quarter ended September 30, 2015, which is a decrease from \$2,442,928 for the prior year equivalent period. The EBITDAC margin was 11.1% for the quarter ended September 30, 2015 as compared to 18.8% for the prior year comparable period. The decrease in EBITDAC is due primarily to higher selling, general and administrative expenses, which offset higher revenues and gross margin for the period. The higher selling, general and administrative expenses were due primarily to \$863,382 of bad debt expense recorded during the period, on account of outstanding accounts receivable balances where the collections of certain accounts has been determined to be unlikely.

Highlights for the nine months ended September 30, 2015 include:

- Revenues increased 11.7% to \$38,079,961 from \$34,091,472 in the previous year equivalent period.
- Gross margin¹ decreased to 23.5% from 23.6% in the previous year equivalent period.
- Normalized EBITDAC² decreased 18.4% to \$4,389,551 from \$5,376,304 in the previous year equivalent period.
- Normalized EBITDAC³ per basic share decreased 30.2% to \$0.15 from \$0.215 in the previous year equivalent period.
- Loss before taxes was \$1,005,228, a decrease of \$2,969,176 in comparison to income before taxes of \$1,963,948 in the previous year equivalent period.
- Loss for the period was \$1,074,536, a decrease of \$2,547,496 in comparison to net earnings of \$1,472,960 in the previous year equivalent period.

The Company achieved normalized EBITDAC² of \$4,389,551 for the nine month period ended September 30, 2015, which is a decrease from \$5,376,304 for the prior year equivalent period. The normalized EBITDAC margin was 11.5% for the nine month period ended September 30, 2015 as compared to 15.8% for the prior year comparable period. The decrease in EBITDAC is due primarily to higher selling, general and administrative expenses, which offset higher revenues and gross margin for the period. The higher selling, general and administrative expenses were due primarily to the \$1,203,514 of bad debt expense recorded during the period.

“The Company is pleased with the revenue growth and the maintenance of its gross margin percentage during the third quarter of fiscal 2015,” commented James Horvath, President and CEO of Lonestar. “Our growth strategy in the US continues to positively impact revenue, and we will continue to focus on expanding these underserved areas. Unfortunately, EBITDAC in fiscal 2015 continues to be adversely impacted by the depressed energy market along with bad debt expense recorded during the period. Management continues to focus on improving its credit and collections process, and believes it is continuing to make progress in this regard.”

The Company has been successful in executing its planned growth strategy with three transformational acquisitions and organic expansion throughout the Southern United States, which has positioned Lonestar as a major Hydrovac and Vacuum services provider in North America. In August 2015 the Company completed the previously announced acquisition of Hewitt Specialty Services, LLC (“Hewitt”), providing a base to service the Cushing, Oklahoma region to complement its existing base in Elk City, Oklahoma and provide an expanded presence in the South Central United States.

The Company’s fleet increased by 6 units during the quarter on account of units added as part of the Hewitt acquisition, and now stands at 158 units.

Notes:

1. Gross margin is calculated as gross profit as a percentage of revenues.
2. This News Release contains the term EBITDAC as presented and does not have any standardized meaning prescribed by international financial reporting standards (“IFRS”) and therefore it may not be comparable with the calculation of similar measures for other entities. Management uses EBITDAC to analyze the operating performance of the business. EBITDAC as presented is not intended to represent cash provided by operating activities, net earnings or other measures of financial performance calculated in accordance with IFRS. It is defined as Earnings before interest, taxes, depreciation, amortization, and stock based compensation excluding foreign exchange gains or losses which are primarily related to the US dollar activities of the Company and can vary significantly depending on exchange rate fluctuations, which are beyond the control of the Company.
3. EBITDAC per share is calculated as EBITDAC divided by the weighted average shares outstanding for the period.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING INFORMATION

This News Release contains certain forward-looking statements and forward-looking information (collectively referred to herein as "forward-looking statements") within the meaning of applicable Canadian securities laws.
